**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want to speak up again about this important issue.

I receive my internet service through the company Sonic.net over AT&T copper wires.

Sonic.net offers a competitive and responsive service. Sonic has been reliable and I think the competition helps to hold prices down.

If the FCC takes this service away, I am afraid I will have to go back to AT&T. Their service is slower and more expensive. AT&T's customer service is unresponsive and they are not really interested in fixing a problem if you have one. They just want the money.

Please do not take away my choice in internet service providers. Please do not elect to support corporate greed.
